Who we are

At **Threestup**, we're on a mission to create impactful technology. Partnering with industry leaders, we integrate our skilled team to bring ambitious projects to life. From strategy to execution, we deliver results that drive growth and purpose.

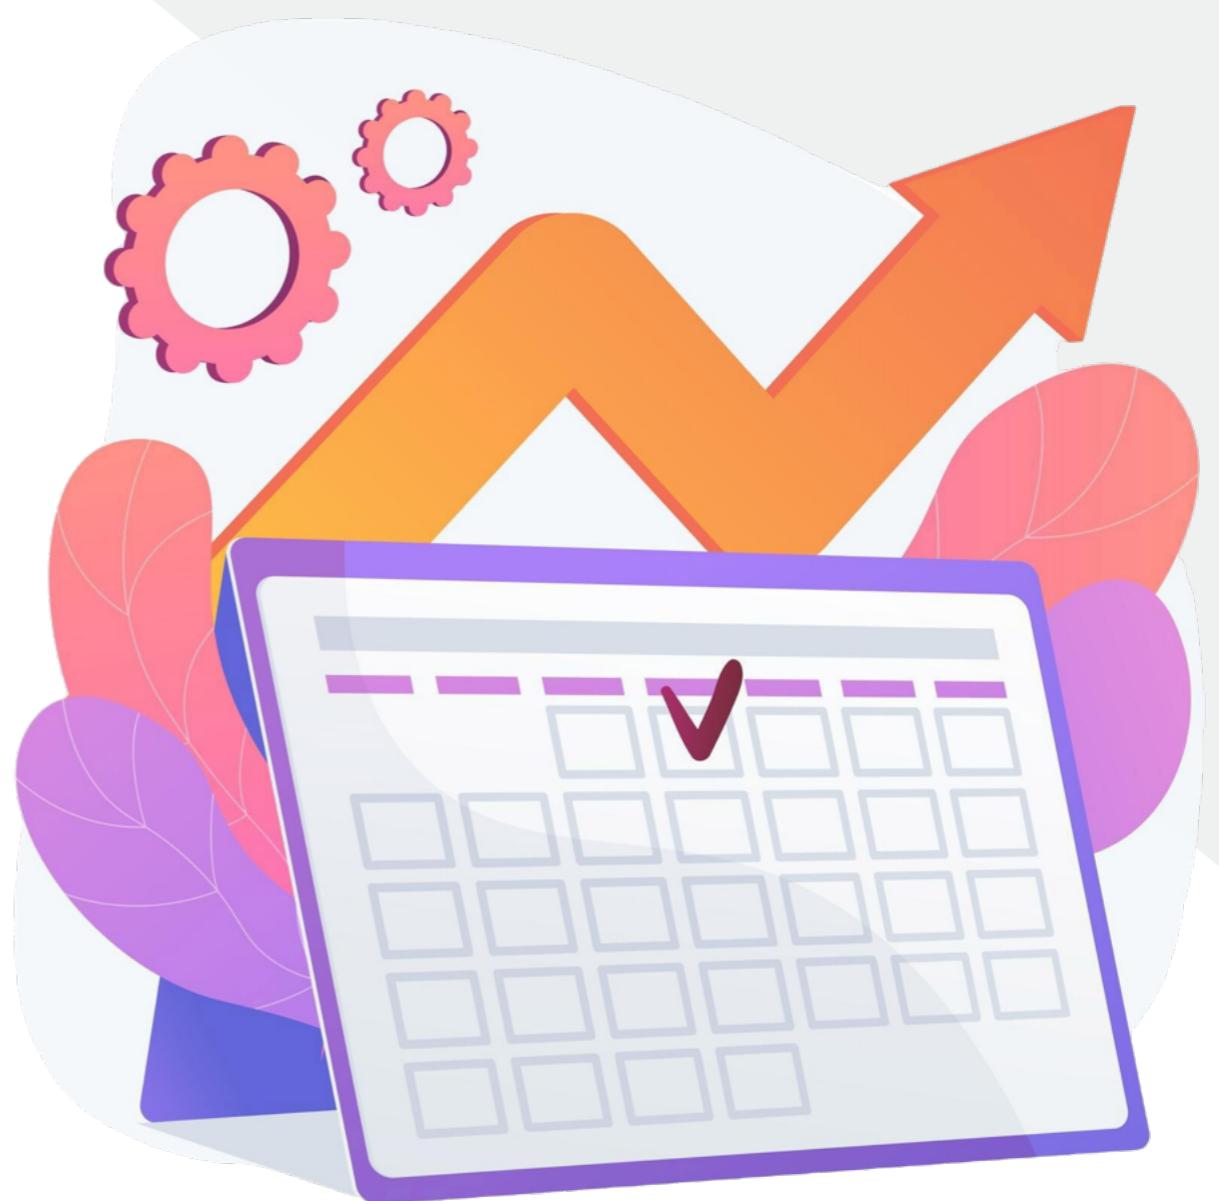

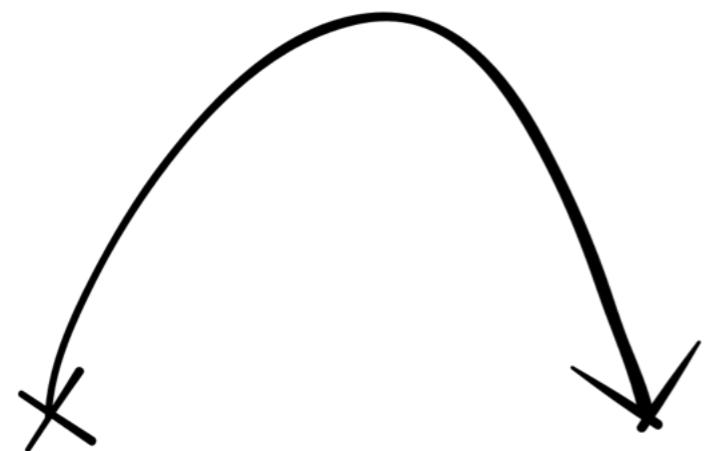

Working with us

Partnering with us means collaborating with a team deeply committed to realising your vision through strategic, user-centric, and scalable technology solutions.

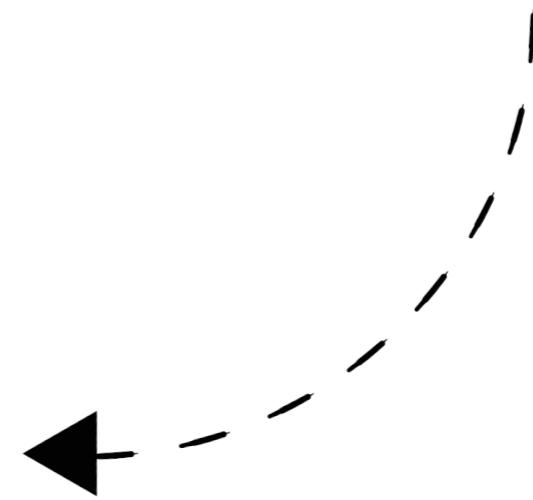

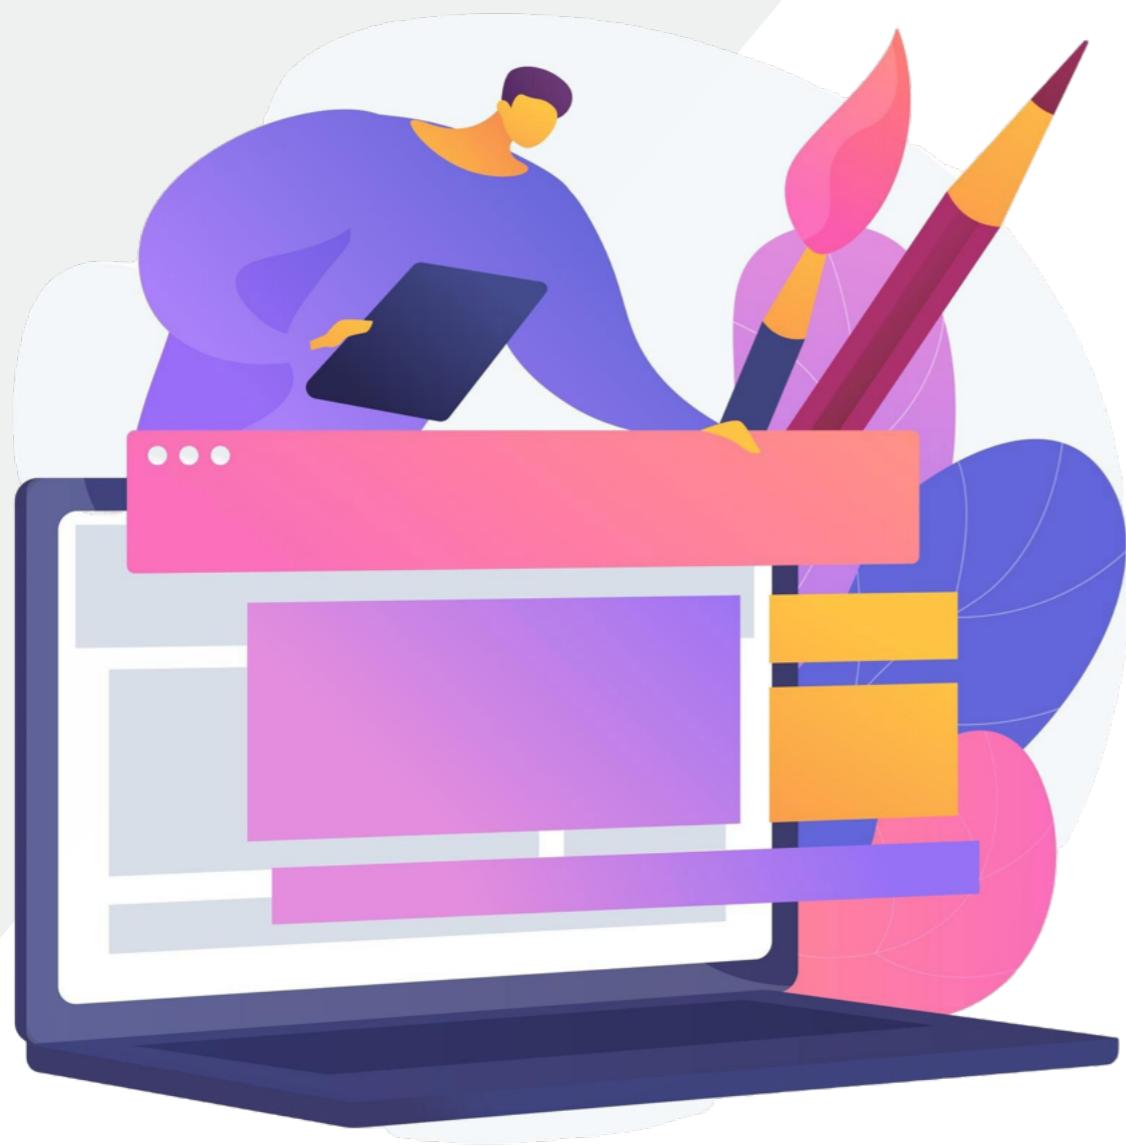

Strategy and Planning

We help shape a clear, actionable path to achieve your goals, setting a solid foundation for impactful results.

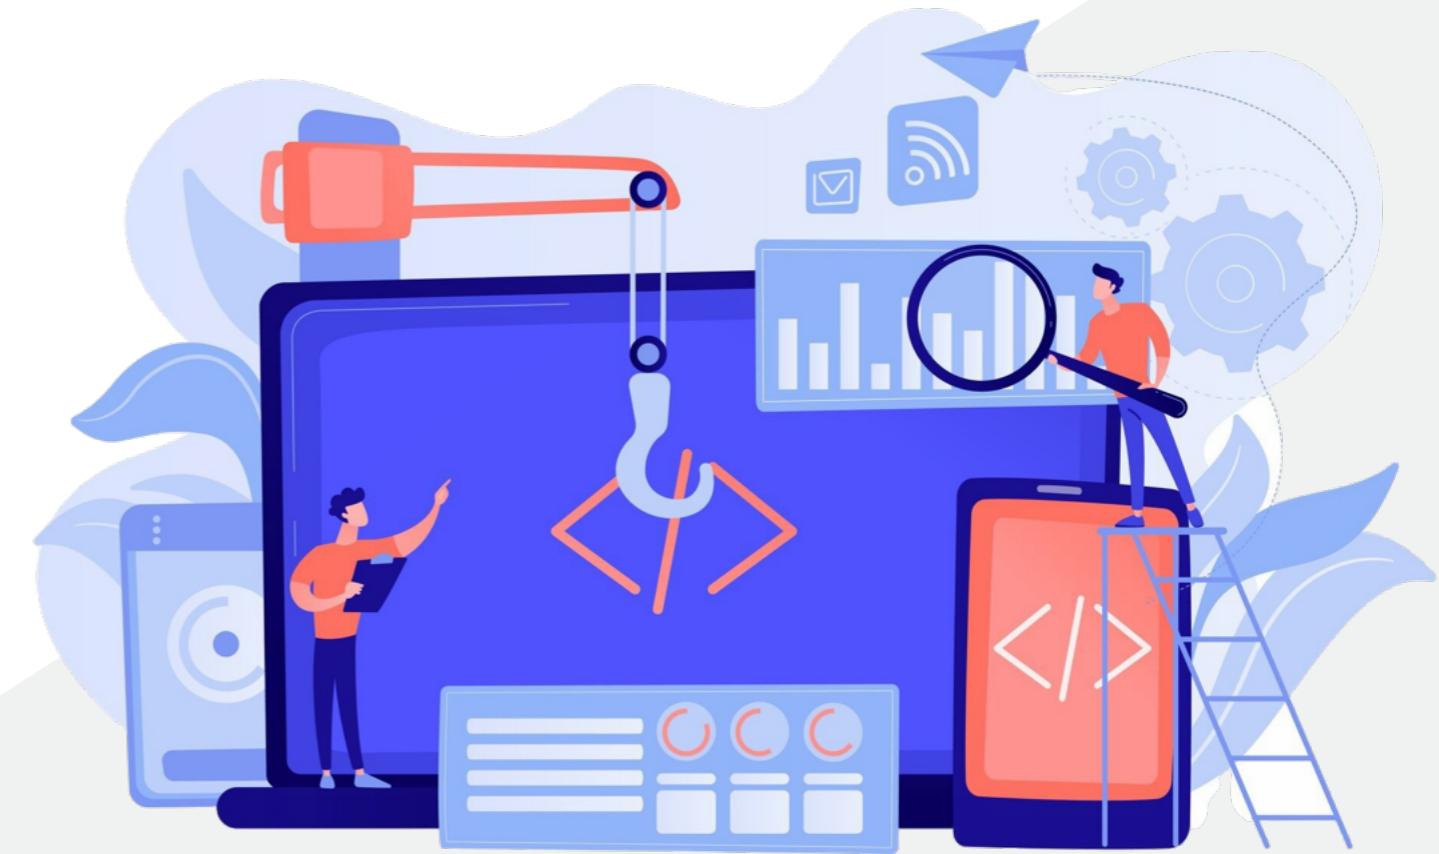

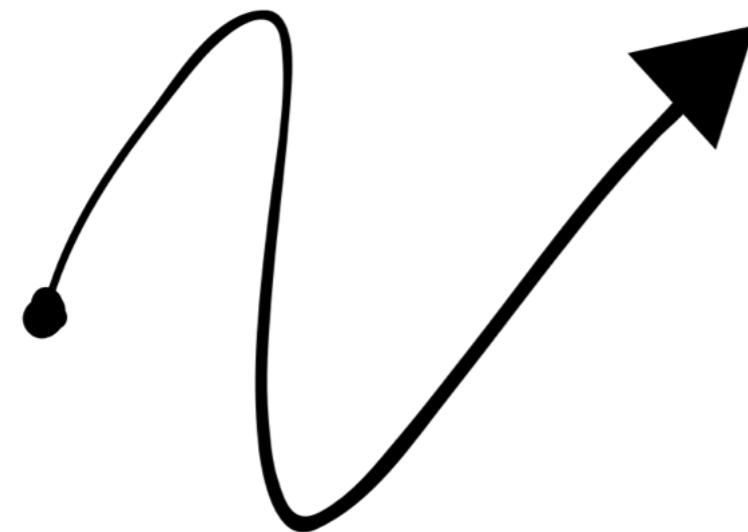

Design and Experience

Our designs prioritise intuitive, engaging user experiences that make your product memorable and effective.

Engineering Excellence

Skilled across diverse tech stacks, our engineers build robust, adaptable solutions that grow with you.

Ongoing Support

We're here for the journey, providing continuous support to keep your product evolving and scaling.

Our partnerships

We've worked with notable companies across the globe such as
